FOOTPRINTS IN THE SAND

DECEMBER 2020

A photograph of a winter landscape. In the foreground, a wooden fence runs across the frame, casting long shadows on the snow. The ground is covered in a thick layer of snow, with several footprints visible. In the background, there are several trees, some with bare branches and some with snow on their branches. The sun is low in the sky, creating a bright, golden glow and a lens flare effect. The overall scene is peaceful and serene.

PARK PRESIDENT NEWS

BY JEFF SWEITZER jeff@sandypines.com

As November is a time to be thankful for all we have, December is the time to remember: "The true light, which gives light to everyone, was coming into the world. He was in the world, and the world was made through him..." – John 1:9-10

For those of us who claim Christ as our Lord and Savior, we celebrate the Greatest Gift and Blessing of All, the birth of Jesus Christ! Whatever your faith may be, we at Sandy Pines and Lake Monterey Golf Course want to wish you a wonderful and blessed Christmas season during these trying times of COVID-19.

We are also blessed with a great team as Sandy Pines Operations do not have an off season although many still think this may be the case. It is our team that keeps everything moving forward for next season. Each department has many projects that go on throughout the off season. In case you were not aware, our 2021 return is an extremely important return as it will be our 50th Anniversary!

Our 50th Anniversary Committee continues to meet. They have many exciting events planned. Some events of old and some hopefully new tradition events. There is still time to purchase 50th Anniversary sponsorship packages. See details at SandyPines.com/Partnerships. These are great ways to advertise your business as well as support the many awesome events planned for 2021.

Our strategic planning session scheduled for November has been pushed into December. We will provide an update as to some of the items discussed and identified for the team to focus on in 2021.

Our IT assessment team continues to make progress in identifying a solution provider to partner with to upgrade our systems. The team started and vetted 7 providers which they have narrowed down to 2. The final selection will take place this month. Why is this important? Do you know the team utilizes 11 different types of systems and over 20 different types of software to run our park? This leads to disconnected systems, inefficient work and higher costs. The

goal is to select a provider that can provide an updated system to reduce the number of systems, software, inefficiencies, and cost while increasing productivity by utilizing a connected system for all departments.

We continue to make progress on our cart bridge project. A final design proposal will be submitted this month to Sandy Pines and then to the county for approval. If all is approved, we will start the cart bridge builder selection process.

Please take time to read the Department Manager reports for other updates and items of interest. Be assured that much is happening this off season as we prepare to serve the park and our members.

Prior to the holidays, we lost a friend, a park member and a Board of Director, Chad Ostrom. Please see the Board of Director Update referencing Chad who will be missed. Our thoughts and prayers continue to go out to the Ostrom family and Kristin during this Christmas time.

Lastly, as we wish everyone a very Blessed Christmas, and a Happy New Year! We thank God for the privilege to serve Him and our Members. We thank God for helping us get through these trying times of which our members may be experiencing health issues, financial distress, or loneliness. Please remember those who have served or are serving in our military services. We will never know the true level of service or sacrifice our military endures each and every day to protect us. However, we give thanks and prayers for their safe return whether

it is during this Christmas season or any time during the year. We support them, love them, and appreciate them as they are the reason, with God's grace, we enjoy being safe in this country. The true reason for the season:

"In all things I have shown you that by working hard in this way we must help the weak and remember the words of the Lord Jesus, how he himself said, 'It is more blessed to give than to receive.'" – Acts 20:35

"A generous person will prosper; whoever refreshes others will be refreshed." – Proverbs 11:25

"From the gifts and the calling of God are irrevocable." – Romans 11:29

Merry Christmas and Happy New Year for our Sandy Pines and Lake Monterey Golf Course family to yours.

God Bless! Stay Safe and Stay Healthy

BOARD OF DIRECTORS UPDATE

BY PAUL PEPPEL BoardOfDirectors@sandypines.com

Sandy Pines suffered a tragic loss just over a month ago with the sudden, unexpected passing of Chad Ostrom. He was one of the park's most recognizable members, often seen cruising about in his customized black Cadillac golf cart. A genuine smile and friendly wave were part of his DNA as he never failed to acknowledge passersby. It was also part of his nature to stop and listen to member's concerns, always focusing on their best interest. You also might catch him roller blading hand-in-hand with fiancée Kristin or walking with their beautiful dog. In short, a great park ambassador that is sorely missed.

As a fellow board member, Chad was respectful of his peers but not afraid to voice an opinion. It was clear to see his passion for the park, and his unbridled tenacity was a quality we all appreciated. He was a true representative of the people, upholding your right to be heard and defending the right to do so. Always looking out for the little guy, that was Chad's mantra.

Now, the board has the difficult task of possibly filling the vacancy. The potential processes for replacement are spelled out in the Sandy Pines Member Handbook, in the Bylaws, Article VIII, section 7. To capsulize, the options are as follows:

1. The Board may allow a vacancy to remain until the next annual meeting of the members.

Or, if the Board chooses to fill the vacancy, the options are:

2. Fill the position from a candidate having received the highest number of votes from the previous election having not been elected.
3. The Board may call for special meeting of the members to fill the vacancy for the unexpired balance of the term.

4. The vacancy may be filled by a member who receives the affirmative of a majority of the remaining directors in office. The individual receiving affirmation of the majority of remaining Directors would remain on the board until the next annual election.

At the most recent election, since there were three members running for three positions, the second choice to fill the vacancy is moot. The Board will be discussing the other options during our December work session and meeting. As always, we welcome your input on this (or any other) matter at boardofdirectors@sandypines.com.

Thank You Sydney

I recently returned from family time off to celebrate the birth of a beautiful baby girl. I'm thankful to all the Sandy Pines team that stepped up while I was away to keep important communications and news flowing to our community, especially Sydney Ritz our Communications Assistant. Sydney started as an intern during the 2019 season and returned to work for us this past season. She was very resourceful and a great asset to our team. She was responsible for many of the great photos and videos that ended up on social media and Sandy Pines Channel 27.1, along with many other things too numerous to list in a brief update. She is leaving Sandy Pines to pursue her passion for coaching and teaching in our local school system. We wish her the best and thank her for all her contributions to our community. She will be missed!

EMERGENCY SERVICES NEWS

BY STEVE DEYARMOND steve@sandypines.com

Covid-19 Precautions

The summer season has come a close. We look toward next summer and are hopeful that next season may allow normal or near normal operations. The recent news of a potential vaccine is hopeful that we can overcome this obstacle and enjoy one another without risk or fear.

The past spring/summer had a lot of unknowns. The local, State and Federal authorities were trying to learn on the fly about the virus and its potential harm to the populations.

As an organization during the Covid-19 Pandemic I think of three basic goals.

1. Protect staff and the membership by reducing risk

Patio Rooms and Decks

- 3" and 4" insulated Patio covers;
- Customized Insulated walls and windows to accommodate your needs;
- Trailer window and siding replacement

Call Tony at: 616.877.4706

or

Visit us at westhousehome.com

Three Generations serving you
for over 40 years with Quality and Integrity

2. Support staff that are exposed to or have contracted the virus

3. Continue to operate as an organization

It is easy to forget the obstacles of re-opening for the 2020 camping season and much communication with State, local government, the Allegan County Public Health Department, and Emergency Management to understand and follow governmental executive orders.

This past summer was different in many ways. The following of multiple executive orders to be in compliance with State orders, the shutdown of the park, gradual re-opening of the Park, delayed rental of cabins and trailers, restrictions of guests, request of appointments to conduct business, reduced recreational activities or social activities that would have placed persons at risk, limiting the number of persons at pools, limiting number of persons at our establishments, suspending the flea markets, closing facilities such as the fitness center, library and arcade, requirements of face masks and social distancing among other things. All that had an impact on operations of the Park, membership, and staff. All were difficult decisions that did eventually provide a means for the membership to utilize the park.

There were many, many changes and restrictions, but in the end, we did succeed in having time with family and friends this summer despite

many unknowns and uncertainties. This success was because as a member, as a staff person, and as a community we did what was needed.

Sandy Pines is a mixing pot of population from within the State and from other States. We did have a few cases of Covid-19 within our community. Many residents in the Park elected to socialize in close knit groups. We did have local community residents concerned of carriers of the virus bringing the virus to this rural community. Prompt actions were taken to reduce risk and remain operational. We should also be thankful to Allegan County for their direct contact, assistance, advice, communication, transparency, and invitations/attendance into Health Department, and Allegan County Emergency Management Zoom meetings.

Going forward into winter, spring, and summer, we will likely have restrictions and requirements that presently exist with wearing of masks, social distancing and policies that limit activities or easy access to our facilities. Hopefully, these restrictions become a thing of the past and we can resume to normalcy. Time will tell as we move forward with interventions of vaccines and other mitigation efforts. Until then please be respectful of others and follow guidance. It is the unselfish and thoughtfulness for the safety of others by doing the small things that keep you, staff, and Sandy Pines safe and operational.

FINANCE & ACCOUNTING NEWS

BY KIMBERLY WILLIAMS kim@sandypines.com

Wishing each and every one of our members a very Happy Thanksgiving and blessed Christmas.

The Sandy Pines staff is continuing to work hard during this off-season to tie up loose ends and finalize the year-end financial reports for the Board and independent review. Sandy Pines and Lake Monterey Golf Course, with the coordination and commitment of its members, state, and local officials was able to have a successful year, even with the uncertainty placed upon many with the world-wide pandemic. Administration will be reviewing the Fiscal Year End financials with the Board of Directors on Friday, December 11th and completing a full independent review of the financial statements with our external accountants in the month of January 2021. Presentation of the financial statements will be provided to members after the approval and review. During this off-season, staff are also working through the more extensive capital projects budgeted for FY2021. We are also making continued progress in the final construction of the Phase 4 North Shore Center FEMA Storm Shelter.

For your reference and information, below is the payment plan schedule if you have elected to make monthly installments to pay for your 2021 Annual Dues and Assessments. Your monthly payment this year is \$327.88, and is payable on the 25th of each month, from October 2020 thru March 2021. This payment plan is allowed for dues and assessments only. To stay current within the payment plan, your balance owed at the end of each month for 2020-

2021 must equal the following on each date listed below:

• October 25, 2020	\$1,591.64
• November 25, 2020	\$1,282.72
• December 25, 2020	\$969.16
• January 25, 2021	\$650.90
• February 25, 2021	\$327.87
• March 25, 2021	\$0 – All dues and assessments paid

The best way to determine the amount owed on your account when following the payment plan is to take the current month's balance invoiced to you and subtract the correlating maximum monthly balance as highlighted above. For example, if your statement sent out on December 1st is \$1,300.00, subtract the amount highlighted above for Dec 25. \$969.16 and pay the difference of \$330.84.

If a monthly payment is missed, you will no longer be eligible for the monthly payment plan program and your account will go into a delinquent status, and a fee will be assessed per membership card to reactivate. If you have any concerns regarding making payment on your account, please reach out to myself or our Park President, Jeff Sweitzer.

As a reminder: All other member fees and charges billed to your account (outside of the annual dues and assessments) are due by the 25th of the

subsequent month after being billed. You must add all other charges for services, electric, state unit tax, etc. to the monthly installment amount to stay within the balance plan at left.

Within the current temporary shutdown of the Administration Office, per State guidelines, we want to note there are still multiple and feasible ways to make payments on your account. Payments can be made the following ways:

- Directly with your bank through online bill pay (your 4-digit site number and last name are your account number; Sandy Pines is the vendor, mailing address is the address on your statement) – (no additional fee)
- Through USPS mail by mailing a check (no additional fee)
- Directly at the Administration office through the exterior drop box; located in the back of the building. (no additional fee)
- Online through our website (includes 3% fee)
- Over the phone with Member Service or Public Safety (includes 3% fee)

Please note a 3% convenience fee is charged for credit card payments made online or over the phone.

Thank you all for being a part of the Sandy Pines Community and we wish you many blessings through the Holiday season!

MAINTENANCE NEWS

BY BEN FIFELSKI
ben@sandypines.com

The Maintenance Team has been busy updating water risers in Phase 2 this fall. This is a very time-consuming job because there are lots of roots in the way. Phase 2 will be about 75% completed.

These past few weeks, the weather was great for cleaning up the leaves throughout the park. We spend a great deal of time picking up the bags that members have left beside the roadways.

Phase 3 Pavilion is coming along on schedule. Weather permitting during the winter months, it will be built by spring for all to enjoy.

Wishing you and your family a very Merry Christmas.

Remaining at or below each monthly max balance keeps you in good standing, but the finance charge still applies. A missed payment or balance overage after the October max balance will result in magnetic card deactivation with a reactivation rate of \$35.00 per card.

January Quarterly Electric & Unit Tax

Quarterly Electric and Unit Tax are billed in January, April, July, and October. Electric meters are read once per year in August. Your bill is based on total kilowatt hours used. You pay for your adjusted final electric use in October, then your total use is divided by four and you pay those quarterly amounts in January, April and July. This is why you get an electric bill in January even though you may not be in the park during that time. You can view and print your annual electric use by logging into [Member Web Access](#). Unit Tax is billed as \$9.50 per quarter per site.

Winter Hours

Closed for the season.

We are all now busy getting ready for the Christmas Season and the New Year. We have great hopes that we will not have all the restrictions for the upcoming summer.

Last year was a good year for the store and rental office. The new store has been great for the Park and Garden to continue to bring new and better products for the membership.

Water Softeners

Many of you completed the contract for the Water Softeners for the 2021 season. You can still order the softener for the upcoming season. The 2021 Contract form is online at the Sandy Pines Web Site or if you have trouble getting the form you can email the store at ParkGarden@SandyPines.com with your site number, member name, phone number and approximate date you would like to pick up or have the softener installed.

Golf Cart Rentals

Exciting news for the golf cart rentals. We have entered a new contract with Club Car and will have 70, 2021 four passenger Club Cars and 20, 2021 six passenger Club Cars. The online system is available to get your holiday rental ordered before the summer rush. You can login to the reservation system from the Sandy Pines web site. If you can't reach the online system you can send an email to ParkGarden@SandyPines.com with the following information: Name, Home address, phone number, date you would like the rental and how many days, 4 or 6 passenger. We will then place your name in the rental system and you will receive a confirmation of your rental.

Marina Rentals

The Marina had a great year with watercraft rentals last year as well as Marine Fuel sales. We will be adding 6 new Kayaks and 2 more paddleboards to the fleet this coming year. We look forward to providing you with watercraft to add to your enjoyment at Sandy Pines.

Merry Christmas and Happy New Year.

Lake Monterey Update

The buoys have been removed from the lake for the season. The patrol boat soon will be removed from the lake for winter. Please exercise caution on the lake as response times to any type of emergency will be delayed once the patrol boat is removed for the season.

Trash Disposal

Security Services continues to have incidents of Members and Associates bringing items from outside the Park. Please review the section from the Handbook regarding this. The practice of bringing in trash from outside the Park costs

money and man hours. Persons found to be doing this can be issued a violation as well as the cost of cleanup.

The Rules On Trash

- Members must place all trash or refuse in the Park trash receptacles.
- No member shall bring trash of any kind into the Park.
- Park removal of trash will result in an assessment and violation.
- Large items such as sofas, old carpeting, sheds, and appliances are to be disposed of in a designated large dumpster across from the Public Safety Office. Hazardous materials or chemicals such as golf cart batteries or paint may not be disposed of in the Park.
- Garbage, trash and other refuse may not be burned at anytime.
