PARK PRESIDENT NEWS

BY JEFF SWEITZER Jeff@sandypines.com

Happy New Year and Welcome to 2022! We are blessed to celebrate another year at Sandy Pines and Lake Monterey Golf Course as we continue to prepare for your return to the park this spring. This month will be extremely busy with much activity around new projects.

New System

Our team continues to work tirelessly on our new system launch. Many hours have been spent with our software integrator to move data from the old to new system to ensure data integrity. This month all departments will test the new system to ensure it captures your needs as well as our staff's needs to function properly. Part of confirming all your data is captured appropriately will be a request sent to all members this month with a request to login to a new portal link. Here members will need to confirm information as well as the 2022 Renewal Snapshot for statement generation in March 2022. Please be on the lookout for more communication on timing for the new link to be sent. If members do not respond to the requested link, the result of potentially having cards shut off, information missed and access to the park denied may occur. Your assistance in completing the requested information will ensure a smooth transition.

Prox Cards

As communicated at our August Annual Meeting and last Board Meeting in September 2021, your 2022 renewal will only have a prox card option. Mag cards will no longer be an option as they will be phased out and shut off by the end of October 2022. Prox cards will be billed \$5.00 for the first card and \$15.00 for the remaining cards. An \$8.00 fee for damaged cards will still apply. Starting in April 2022 members can receive new prox cards at three park locations; Public Safety Office, Sales and Member Service.

Sandy Pines and Lake Monterey Golf Course Financials

During our December 2021 Board Meeting, the Sandy Pines and Lake Monterey Golf Course year-end financials were approved by the Board of Directors. Under the leadership of Kimberly Williams our CFO and her team, we had another excellent year. Thanks to all our members,

associates, guests, and campers. This month we will be meeting with our third-party accounting firm to validate and approve. For more details on our year-end performance, please see our CFO Kimberly Williams' update.

Cart Bridge

The excavating process will be starting this month. Be on the lookout for our contractors cutting the path through Phase 3 and moving dirt to build the abutment ramps. The bridge time line moved slightly to allow for assembly of the bridge and pouring of the bridge concrete decking to take place early April 2022. You will see some starts and stops on the cart bridge project which are planned. Completion is still scheduled for April 2022.

Veteran's Memorial

We are excited to communicate that our wonderful Veteran's Memorial will be getting an update and much needed maintenance.

First and most importantly, Thank You to all our members, family members and anyone who have served our country and protected our freedoms. During the December 2021 Board Meeting some questions were raised about what is being updated at our Veteran's Memorial. Let me start by saying the memorial is not being torn down or destroyed. Our maintenance team as well as I were approached numerous times last season about maintenance and protection of our Veteran's Memorial. Some of the concerns were the walk of honor was becoming uneven for those walking up to the memorial and many of the bricks were being damaged or worn due to being in the ground. There have been bricks damaged and needing to be replaced. Members were asking how we can fix this while protecting the bricks in the walkway. Our maintenance team has been reviewing solutions with those that maintain and oversee the memorial. The entire walkway for safety reasons needed to be pulled up and replaced. The new bricks needed did not match the current bricks of honor with names on them. With that said, we are also trying to accommodate those who do not want their bricks or their loved one's bricks damaged in the walkway. The solution provided is to move them from the

walkway to a wall similar to a Vietnam Wall. This would maintain a uniform look for our bricks of honor as well as the new walkway being fixed and installed. When doing this, the request from those overseeing the memorial was to try to build the wall with the same brick layout location as on the walk of honor, i.e. keeping everyone together. This unfortunately was not able to be done. The names in the position of the walk of honor were not fitting into the wall layout without adding many plane brick fillers. The team felt the look would not be good enough to honor those names and members on the wall. Those overseeing the memorial agreed. The solution agreed to was to place the bricks in alphabetical order which would also allow easier location of the bricks for families, friends and loved ones.

The team is working hard to fix the issues that were presented to us by members and those overseeing the memorial while trying to maintain the honor and integrity of the memorial. This solution was not made unilaterally. Comments found on social media that the team is destroying the memorial are disappointing and inaccurate. Those members who are named on those bricks will continue to be honored as they should for sacrificing so much for our country, their families and all of us to enjoy our freedoms. Personally, I support not only our Sandy Pines veteran's but veteran's throughout the country as I have many who have served in my family including my father. There is no way our park or our maintenance team would dishonor or disgrace this wonderful memorial that members designed and helped make possible. We believe you will like the updates to this honorable memorial.

Please be sure to read the rest of the department updates. The team is working hard each day to serve our members and this wonder gift called Sandy Pines and Lake Monterey Golf Course. Have a blessed January 2022! We cannot wait to see you this season!

BOARD OF DIRECTORS UPDATE

BY PAUL PEPPEL BoardOfDirectors@sandypines.com

Just about everyone is intrigued by the possibility of a cheap vacation. But it's near-impossible and, with all the travel restrictions, it's often a quagmire of conflicting regulations especially at certain destinations. Did you know there's a place in West Michigan that might be able to solve your travel dilemma? Yup, it's called Sandy Pines.

Wait, what? Isn't the park closed in the winter? Yes and no. Not all are aware of the opportunity available for SP residents to enjoy the park even in the off-season. It's truly a great way to unwind and reenergize at a fraction of the cost of a weekend stay at a hotel. Tranquility abounds and you'll feel like you're really getting away from it all. Curl up with a good book, watch that DVD you've been saving for a special occasion, game night with the family, you get the idea. Maybe outdoor activities are your fancy. Hiking, snow shoeing, cross country skiing, ice fishing. There's

even a county snowmobile trail just outside the park along 136th avenue. While water and waste resources are limited, electric and heat are still at your fingertips.

Many members are so busy during summer weekends that nearby attractions often get missed. The towns of Allegan, Wayland, Plainwell and Otsego have numerous attractions and shopping that'll keep everyone busy. You can bet the local eateries, wineries, and breweries would love to see you during the wintertime. There are plenty from which to choose within just ½ hour of the park. A fun, relaxed time to explore, patronize, and support local.

Of utmost importance, though, don't forget the 180-day rule. This state law prohibits staying at the park for more than 180 days in a calendar year. It keeps our campground compliant with state mandates, helping us reduce member fees

considerably. So why not try out a day or two at the park in the winter? It's not the glamping we do in the summer nor is it true camping with tents and a Coleman stove. Kind of a hybrid, how about if we call it gamping? As always, feel free to message us with concerns or questions at boardofdirectors@sandypines.com. Here's hoping for a greater and safer 2022!

Happy New Year!

Annual Dues Payment Schedule

For your reference and information, below is the payment plan schedule if you have elected to make monthly installments to pay for your 2021 Annual Dues and Assessments. Your monthly payment this year is \$330.19, and is payable on the 25th of each month, from October 2021 thru March 2022. This payment plan is allowed for dues and assessments only. (Please note, your December billing statement does include your quarterly electric and state unit tax, which must also be accounted for in your payment). To stay current within the payment plan, your balance owed at the end of each month for 2021-2022 must equal the following on each date listed below:

• October 25, 2021	\$1,602.86
• November 25, 2021	\$1,291.76
• December 25, 2021	\$976.00
• January 25, 2022	\$655.50
• February 25, 2022	\$330.19
• March 25, 2022	\$0 – All dues and assessments paid

The best way to determine the amount owed on your account when following the payment plan is to take the current month's balance invoiced to you and subtract the correlating maximum monthly balance as highlighted above. For example, if your statement sent out on January 1st is \$1,000.00, subtract the amount highlighted above for Jan 25. \$655.50 and pay the difference of \$344.50.

If a monthly payment is missed, you will no longer be eligible for the monthly payment plan program and your account will go into a delinquent status, and a fee will be assessed per membership card to reactivate. If you have any concerns regarding making payment on your account, please reach out to myself or our Park President, Jeff Sweitzer. As a reminder: All other member fees and charges billed to your account (outside of the annual dues and assessments) are due by the 25th of the subsequent month after being billed. You must add all other charges for services, electric, state unit tax, etc. to the monthly installment amount to stay within the balance plan displayed above.

Payments can be made the following ways:

- In office with Member Service Mon-Fri 8am-4pm or Public Safety 24/7 – ([live payment posting](#))
- Directly with your bank through online bill pay (your 4-digit site number and last name are your account number; Sandy Pines is the vendor, mailing address is the address on your statement) – (no additional fee) – ([includes processing time](#))

- Online through our website (includes 3% fee) – ([live payment posting](#))
- Over the phone with Member Service or Public Safety (includes 3% fee) – (**live payment posting**)

Thank you all for being a part of the Sandy Pines Community and we wish you many blessings in this New Year!
