REMEMBERING GENE VAN KOEVERING

BY KATHY BROTT Kathy@sandypines.com

Gene Van Koevering, former Park President, passed away suddenly and unexpectedly on February 17, 2021. Gene was a Godly man, evidenced by the life he lived. He loved God first and his family and friends followed right after that. We ask for God's peace and comfort for all who knew and loved him.

'Some people come into our lives and quickly go. Others stay for a while and leave footprints on our hearts, and we are never, ever the same.' That was Gene.

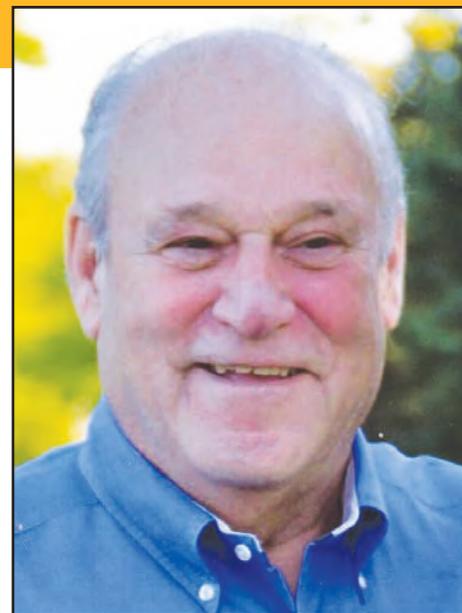

Gene was a man who led by example. He implemented an open door policy, should someone wish to drop by to ask a question, share an idea or concern, or simply to visit. Gene always made you feel welcome.

It was second nature for Gene to make his employees feel valued and respected. He listened to new ideas and didn't much care for hearing 'that's the way we've always done it.' He encouraged creativity and was willing to try something new, if it had merit.

Gene was humble and kind, honest and compassionate. He brought new life to Sandy Pines and created a great Team, with whom he closely worked. Thanks for the wonderful memories you left us with, Gene.

On February 17, 2021, as the word of Gene's passing spread through our community, hearts were broken, tears fell from our eyes..."and the heavens rejoiced."

....

Gene Van Koevering

PARK PRESIDENT NEWS

BY JEFF SWEITZER jeff@sandypines.com

Hello Sandy Pines family! It is March already. This means the madness of March! Well, our version of the madness of March does not entail basketball brackets or pools. It does focus on the mad dash to complete projects, hiring open positions and finalizing plans for our 2021 50th Anniversary Season.

WinterFest

February brought us a successful, yet modified Winter Fest. At last tally, we had 100+ members in the park on Saturday, February 13th to enjoy the great winter wonderland Sandy Pines offers. It brought a smile to my face watching families sled, paint the snow with their tie-dye color bottles, play on the playgrounds, circle around the fires or just walk around playing in the snow. A Big Thank You to Curly Near who watched over the fires by the beach. Due to social distancing, we broke one large fire into a couple smaller fires that families could huddle around to keep warm. Thank You to PSO Director Keith Garvelink, PSO Chris Munley and PSO Mike Veldcamp for watching over the event to ensure safety and rules were followed. We received many comments that our PSO Team was welcoming and engaging with the families at

Winter Fest. Thank you to Nikki Hoogewind and her crew for staffing the Happy Shack serving free hot chocolate and popcorn. We saw many kids and parents warming up with a hot cup of cocoa. Lastly, Thank You to James Hadley and his scout troop 331B & G for volunteering to hand out supplies to families wanting to play tic-tac snow or color the snow. This was done after they

braved the frigid Friday night camp out in Phase 3 to successfully complete their Polar Bear badge activities. The troop of young men and women did an awesome job! This year's Winter Fest was modified from years' past due to COVID-19, but fun was had by all.

Continued on Page 4

Season Prep

Our staff has returned to normal office hours and structure. This allows us to continue to prep for our season opening which cannot be done remotely. We are back in the office 4 days a week and 1 day remote if needed. I know our staff would appreciate a quick note, email or phone call with a Thank You or Thinking of You while they are working hard to get everything ready for your return.

The Maintenance team led by Ben continue to do an excellent job completing projects throughout the park. Rental cabins continue to get updated and improved. The fitness center has a new floor installed just in time for its opening. Please review Steve Deyarmond's article for the capacity and COVID guidelines that must be followed in order to use the fitness center. When you return, check out some of the signage updates made throughout the park.

Handbook Rules

Last year as we all know was a very challenging year. Our focus was opening the park, maintaining COVID-19 rules and protocols and with that some of our other Handbook rules were gracefully overlooked. We have seen a spike in violations over the last couple of months with members and associates not adhering to our Handbook rules. Our PSO Team will get back to basics by holding all of us accountable to the rules we agreed to honor. Please review your Handbooks. We know it is against the rules to hand out member cards to non-members to access the park. We also know it is against the rules to allow guests in the park without members being present in the park. Our rules are in place to protect all of us as well as to allow us to enjoy our Happy Place safely.

Please be kind, courteous and understanding as we get back to following our Handbook in 2021.

FEMA Building

The opening of our new FEMA building remains on track. Windows which were delayed due to supply chain issues resulting from COVID are finally installed. The finishing touches are being done with a final walk-through taking place this month. Occupancy is targeted for the end of March 2021. Once we have the final occupancy approved, Kentwood Office furniture will be delivery and installing furniture throughout the building. We are excited to show this space to our members as well as our local and state government officials who helped to make this happen for Sandy Pines.

Cart Bridge Project

We continue to progress with this project. The team met with Allegan County Road commission to receive approval on the submitted plans. This project will be bid differently than the FEMA project as our cart bridge is privately funded, sourced project. Bids are out with two requested completion timeframes: May 2021 and November 2021. Please see further communication from the board in their article regarding this project.

March Board of Directors Meeting

This month we will be meeting with our board of directors to discuss many topics in prep for the season. Our Lake Study Committee has met to again provide recommendations to the board to hit the ground running with projects to protect our lake as well as make it safer for all to enjoy. We would like to Thank Jim Buchanan for stepping up to lead the Lake Study Committee in replacement of Stephanie Saypanha who moved into a

board of director role. Jim will do an excellent job leading this committee for Sandy Pines. We are excited to get to work on these recommended projects.

We will also provide additional information to the board regarding the IT project and upgrades. Our IT assessment team and Technology Committee Chair met with DPT Solutions. DPT presented through solution through Office 365 Dynamics. their Information presented during our meeting will be presented to the board with a solution provider recommendation.

50th Anniversary Sponsorships

Our 50th Anniversary committee continues to book excellent events for our entire season long celebration. We thank the Chapel committee for allowing the use of their area for some of our planned events. Currently our funding is at approximately \$28,000 which is a slight increase from January. Please review our sponsor kits or reach out to our new Marketing and Communications Manager Ian Mitchell for more information.

Lastly, we are in the midst of our Lent season. Lent is a season of reflection and preparation before the celebrations of Easter. By observing the 40 days of Lent, Christians replicate Jesus Christ's sacrifice and withdrawal into the desert for 40 days. Our household used to view the sacrifice as giving something up such as chocolate, soda or vegetables were at the top of our kids' list when they were young. Jesus gave the ultimate sacrifice for us all with his life. Our approach to Lent changed over the years to, "how can we become closer to Jesus Christ to honor his ultimate sacrifice?" This could be spend more time in prayer with Him, volunteer to help those in need by adopting a family, safely lead a bible study via Zoom or in a large enough room to socially distance or more devotions and less Netflix. Our approach tried to focus on Jesus' wish to build a stronger relationship with Him. If that is done by giving up chocolate or spending more time with Him in prayer or in service of him and for him, then chose that path for the next 40 days in honor of Him. Be blessed over this Lent season.

God Bless!

BOARD OF DIRECTORS UPDATE

BY PAUL PEPPEL BoardOfDirectors@sandypines.com

There are several factors taken into consideration when the board is tasked with the possibility of bringing physical improvements to the park. Cost/benefit analysis is certainly a factor as well as funding sources. Surveys often come into play in addition to Q & A sessions at face-to-phase meetings. Member comments and questions to the board are an excellent source of ideas and give us a gauge as to the pulse of the park as a whole. When all is said and done though, while many different methods are used, the common goal is always, how will this benefit the park and the members?

The current path connecting phases three and six is inherently dangerous. Relatively slow-moving objects (carts, bikes, pedestrians) attempting to traverse a thoroughfare dotted with 3000-pound objects hurtling at 55-65 mph and sketchy sight lines is a recipe for disaster. We have been extremely fortunate to have dodged a catastrophe to this point and we'd like to keep our clean record intact. Thus, the decision has been

made to have a bridge built to connect these parts of the park making safety a top priority with this particular project.

The bridge will be located at the same place as the current crossing, extending slightly into each phase. Security will also be enhanced as there will no longer be easy access points for outsiders to trespass, a current thorn for the park. Contech Engineered Solutions has assembled an extremely detailed set of plans that have met all state standards and is now in the hands of the Allegan County Road Commission. As soon as we receive the OK and finish any minor tweaking and cosmetics, the final drawings and renditions will be made available for public viewing. This should happen in the very near future. Final bidding from competing firms will be considered with construction to commence shortly thereafter.

While the bridge will easily be wide enough to accommodate two golf carts side by side, there will not be additional lanes for bikers and walkers

so there will be a learning curve for courtesy. It will also be recommended that bikes be walked across as they are difficult to control on upgrades and could become dangerously fast on downslopes. There could be other guidelines as the project evolves and we all learn together.

The cost to build is obviously not small but, thanks to the fiscal prudence of this and previous boards, there will be no additional costs to burden the members, a truly remarkable feat especially given the financial hit many have had to absorb recently. And, frankly, what it boils down to is this. Would you rather be thinking, "why are we building this?" Or would you rather be saying "why didn't we build this?" after a tragedy strikes. Seems like a no-brainer to me. As always, your thoughts and comments are welcome at boardofdirectors@sandypines.com.

COMMUNICATIONS NEWS

BY IAN MITCHELL ian@sandypines.com

New Communications Manager

Hello Sandy Pines members! My name is Ian Mitchell and I am very excited to introduce myself as the new Communications Manager here at Sandy Pines! I attended Ferris State University, where I received my Bachelor's Degree in Marketing. I currently live downtown Grand Rapids with girlfriend of 8 years, Darci, our 6-year-old Husky/Akita Niko, and our two cats Mila and Bert. We enjoy exploring new places with Niko and spending time with our friends and families! Camping has always been a big part of my life, so I am very excited to have the opportunity to show my love for that here at Sandy Pines.

I have learned a lot in my first month here and I look forward to learning more for years to come. Thank you to all the Sandy Pines employees who have made this transition go smoothly. Thank you, Josh Janowiak, for working with me to make sure I have all of the appropriate tools to succeed!

Please wish Josh and his wife the best of luck with their new baby, Rosie! We can't wait to have her back at the park!

I am excited for the park to open so I can really experience Sandy Pines in all of its glory. I look forward to meeting members of the park this summer. If you have any questions for me, please don't hesitate to reach out!

Online Store

Don't forget about the Online Store, it is open the first two weeks of every month! This month we THINK SPRING! We have included many items to get you prepared for the upcoming spring weather, be sure to check them all out! We will continue to add new items as the year progresses, so check back often! We also have a few of our special 50th Anniversary Edition 2021 Calendars that come complete with all our events already scheduled for you.

All Online Store profits for 2020 & 2021 will go toward 50th Anniversary fundraising efforts so when you shop in the store, you're supporting the 50th Anniversary Celebration. Shop now at SandyPines.com/Store

50th Anniversary Fundraising

It is our goal to raise \$75,000 to subsidize all the great events we have scheduled for our 50th Anniversary. Without these funds, all our 50th events simply won't be possible. The majority of that goal is intended to come from business sponsorships and donations.

Sponsorship Packages

- Headliner Sponsorship Packages range from \$1,000 to \$5,000 and offer amazing exposure for organizations including name & logo recognition online, in print, and at events. Gold & Platinum Sponsors also get TV ads and onsite exposure opportunities at all 50th Anniversary Events.

EMERGENCY SERVICES NEWS

BY STEVE DEYARMOND steve@sandypines.com

Fitness Center Rules

The Sandy Pines Fitness Center is now open! Please follow posted guidelines. We will post updates to guidelines as we receive them.

Severe Weather

Please take the time to discuss with your family your emergency plan for severe weather.

Discuss where you plan to take shelter, where to meet after a storm (if separated), where to take shelter if out in the park and what to do if out on the lake.

SANDYPINES
READY, SET, CELEBRATE!
1971-2021

THE SANDY PINES FITNESS CENTER IS OPEN. PLEASE FOLLOW THESE GUIDELINES WHEN USING THE FITNESS CENTER:

1. IF YOU ARE SICK OR HAVE RECENTLY BEEN SICK, PLEASE STAY HOME.
2. PLEASE WASH YOUR HANDS FOR 20 SECONDS PRIOR TO USING FITNESS CENTER EQUIPMENT AND WASH YOUR HANDS FOR 20 SECONDS AFTER YOU COMPLETE YOUR FITNESS CENTER WORKOUT.
3. PLEASE KEEP YOURSELF SAFE BY REFRAINING FROM TOUCHING YOUR FACE, EYES, NOSE, OR MOUTH DURING YOUR WORKOUT.
4. A FACE MASK MUST WORN WHEN INSIDE THE FITNESS ROOM PER STATE GUIDANCE.
5. CAPACITY IS RESTRICTED TO 25% PER STATE GUIDANCE OR 4 PERSONS. PERSONS SHOULD BE CONSIDERATE OF OTHERS AND PLAN TO ROTATE EVERY 30 MINUTES IF OTHER PATRONS ARE WAITING.
6. PERSONS MUST SOCIAL DISTANCE AT LEAST 10 FEET FROM OTHERS.
7. CLEANING/DISINFECTING PRODUCTS ARE PROVIDED. PATRONS MUST DISINFECT EACH STATION PRIOR TO USE AND IMMEDIATELY AFTER USE. PLEASE BE CONSIDERATE IN PROPERLY CLEANING AND PREVENTING THE SPREAD OF COVID-19 BY PROPERLY CLEANING AFTER USE.
8. THE FITNESS CENTER WILL BE MONITORED BY CAMERA. PLEASE COMPLY WITH THIS GUIDANCE SO WE MAY CONTINUE TO UTILIZE THIS FACILITY.

REQUIREMENTS SET BY THE STATE OF MICHIGAN ARE NOT DEBATABLE. AS A MICHIGAN BUSINESS WE ARE REQUIRED TO COMPLY AND WANT TO PROVIDE A SAFE ENVIRONMENT. PLEASE BE PATIENT AND COMPLIANT AS WE MOVE TOWARD REOPENING OF FACILITIES.

Severe Thunderstorm Watch

This means that atmospheric conditions exist that could produce severe weather such as lightning, high winds, heavy rains, sleet, and hail.

Severe Thunderstorm Warning

This means that severe weather associated with thunderstorms is occurring such as high winds, lightning, hail, and sleet and flooding.

Tornado Watch

Atmospheric conditions exist that could permit the creation of a tornado.

Tornado Warning

A tornado warning means that a tornado has been sighted or detected on radar.

Tornados often, but not always, occur in conjunction with a severe thunderstorm.

Early Warning Preparation Suggestions

One of the most important things you can do to prevent being injured in a tornado is to be alert to the onset of severe weather. Most deaths and injuries happen to people who are unaware and uninformed.

Be aware of changing weather conditions and weather forecasts. Listen to local radio and television stations.

Purchase a NOAA weather radio. Weather radios have an alert tone that activates when watches or threatening weather approaches. This will alert you and your family to changing conditions and wake you as you sleep.

Please take the time to discuss your family emergency action plan with your youth in the event of an emergency. This should include when to shelter, where to shelter, where to meet after an event and who to contact if you become separated or unable to locate family members.

Continued on Page 11

Multiple resources should be monitored as well as personal observations used to seek shelter. Persons should seek immediate shelter when conditions are observed or reliable sources indicated that a weather event may occur that may be a threat to you or your family.

Disaster Kit

Please take the time to assemble a disaster kit to assist you and your family before and after a disaster. Here are some items suggested by FEMA to include:

- A flashlight with spare batteries
- A portable battery-operated radio and spare batteries
- A first aid kit with any medications needed for family members.
- Emergency food and water.
- Manual can opener
- Sturdy Shoes and one change of clothes per person
- Candles and matches.
- Cash and credit cards
- All items should be packed in easy to carry containers such as back packs or plastic trash cans with handles.

Allegan County Public Warning and Notification System

Salem Township has installed outdoor warning devices in Sandy Pines for your protection.

These sirens are located in Phase 1 & Phase 6.

TESTING Procedures:

4th Friday of each month at 11:00am, activated by Allegan County Central Dispatch. You should take this time to review your family emergency response plan.

EMERGENCY Activation Procedures:

When the siren activates you will hear a (3) minute "steady" tone. At this time you should seek shelter inside a basement or sturdy structure and tune to local radio and television for further instructions.

Weather Siren Activation and Testing

Allegan County Emergency Management and 911 Central Dispatch activates the weather siren located within the park. This siren is activated for tornado warnings.

The weather siren is tested on the 4th Friday of each month around 11:00am.

Weather sirens are intended to warn persons outside. Weather sirens are not intended to lessen a person's awareness of weather conditions, replace weather radios or to reduce the need to watch TV or listen to radio stations for weather changes or alerts.

Upon activation persons within the park should seek shelter immediately.

Outdoor Siren Activation Pre-Warning Siren activation Authority, Responsibility and Criteria

Weather siren(s) are activated by Allegan County Central Dispatch when the National Weather Service has issued a warning or as determined by Allegan County Dispatch or Emergency Management. Sandy Pines does not activate Outdoor Warning Sirens.

Testing of Siren(s)

Allegan County Central Dispatch will test siren(s) the fourth Friday of each month at 11:00am.

Activation of Outdoor Weather Sirens

Outdoor Weather Alert Sirens are activated for 3

Continued on Page 12

Vacationland Sales

2746 - 136th Ave. Hopkins, MI 49328

minutes for severe weather threats. Sirens will not continuously sound during threat. Additional activations will occur if the weather threat is still present. An all-clear signal will not occur. Staff will update persons taking shelter when safe to do so or after the threat has passed. This may be by a RAVE alert or in person by staff.

Location of Outdoor Weather Alert Sirens

Outdoor Weather Alert sirens are located in Phase 1, by the Phase 1 Beach, and Phase 6 by the Marina/Chapel area. Outdoor warning sirens are intended to alert persons outside and may not be audible inside buildings. It is important to be vigilant at observing weather changes, monitoring NOAA weather radio, local radio stations, local television and other sources to have the adequate time to seek shelter during weather threats.

Will an all-Clear Siren be given?

No, additional activations of the Weather Siren will indicate that severe weather threats continue. You should remain sheltered. Staff will notify each Convenience Center and Department facility upon the issuance of an all clear. Depending on the time of day and number of staff present,

safety of staff, number of staff on site this may take a while to reach each area.

Updates of Storm Threats during Shelter

You may use your electronic devices to stay informed of the current threats. However, during emergencies please be aware of increased cell phone usage and a slowdown of service or disruption of service. Staff will notify Departments and CC's when the threat has cleared and risk to the notifying staff is low.

Why are the Outdoor Warning Sirens sounded for hail and wind?

Wind can uproot trees, tip over trailers, flip boats and project flying items into the air creating a direct risk to the life safety of people. Hail can proceed a tornado and can vary in sizes from golf ball size to softball size and can injure or kill. All these items pose a direct risk to life of people outdoors.

What if we have an emergency during the warning?

Call 911 and the Security Department 616-896-9006.

What is the result of warning sirens and people's actions?

Siren activation, media reports and other means of impending life-threatening weather events must be taken seriously. Immediate shelter must be taken upon receiving notice of a life-threatening threat.

Every year, many people are killed or seriously injured by tornadoes and/or high winds despite advance warning. Some do not hear the warning, while others received the warning but did not act. This information, combined with timely severe weather watches and warnings, could save your life when severe weather threatens your area. **After you have received the warning or observed threatening skies, YOU must make the decision to seek shelter before the storm arrives.**

FINANCE & ACCOUNTING NEWS

BY KIMBERLY WILLIAMS kim@sandypines.com

We are busy preparing for the 2021 season and with the past year of uncertainties we have much to look forward to with our 50th Anniversary celebrations upon us.

Financial Review

A combined Board of Director and Finance Committee meeting date is still TBD in the month of March, for review of the current financials

November 2020 through February 2021. Notice of the determined March meeting date will be posted with the membership through our communication vehicles of our Rave Alert system and E-News.

Member Accounts

If you have followed the monthly payment plan for dues and assessments for the 2021 season. The

final payment must be paid in full as of March 25, 2021. The April 2021 statement will include the billing of annual renewals specific to each site. Please refer to the Member Services news article for further details and information.

Blessings to each of you as we continue to prepare for your arrival in the 2021 season.

....

LAKE MONTEREY GOLF COURSE NEWS

BY GARY PETERS gary@golflmgc.com

As of mid-February, we have 14 inches of snow and the temperatures have been in the teens for two weeks so far.

Which will work great to get a good frost in the ground. This will allow us to get a bucket truck on the course without tearing up the course. I went out and plowed snow for a road which also sent the frost deeper for the heavy bucket truck. With that done the infamous big oak branch on the 6th hole fairway is now gone! Also the one by the powerline off of two tee, the cherry tree on the left of side of fifth teen tee. Hole sixteen had

some oak trees on the right side of fairway that we trimmed also. We removed all the pines on right side of Hole 11 except the two by the green.

We also removed the dead tree and thinned some areas out in the rough of trees and opened up some tee areas for more sun light. We will be renting a stump grinder to finish this out, keep a lookout for that this spring!

The new well for the back nine is in so we will not have to rely on the sandy stream water. We will be taking down the well, while building and

removing the little dam down by the well house too. The plan is to lengthen fourteen by thirty yards in the next three years. This will also help protect the tee on hole fifteen from golf balls too.

The spring clean-up will be Saturday, April 17 and we will be giving a free golf membership and prizes in a raffle and chili dogs. We hope to see you out there!

....

End of Season Dates

See our online Calendar with these dates and more at SandyPines.com/Calendar.

September

- 8 Park & Garden closes Sunday-Thursday
- 12 Saturday Member Emergency Pump Outs & Member Service Hours End
- 20 Marina Closes for the Season
- 25 Member Account Balanced Due
- 26 Park & Garden Closes for the Season
- 28 2020 Cabin & Park Model Camping Rentals End

October

- 1 Annual Dues, Assessments & Quarterlies Billed
- 1 Camping & Flea Market Reservations Open for Next Season
- 15 Water Turned Off & Seasonal CCs Close

- 10/1 Annual Dues, final adjusted electric, and state tax billed (Due 10/25)
- 10/15 Water is turned off for the season (weather permitting)

New Mailboxes are In

An additional 84 mailboxes have been installed in the Mail Building by the Public Safety Office at the main gate. Thank you, Maintenance Team, for tackling this project. We understand the boxes are not “in order,” but that would entail rekeying every box and many of you with long term boxes

would have to move. It is a future consideration – what do you think, box holders?

For those who are not familiar with the Mail Building at Sandy Pines, please visit <https://sandypines.com/mailservices/>. Only Members with mailboxes and appropriately programmed proximity cards can access the building and receive mail and packages while at Sandy Pines. Mailboxes are \$35 per year. There is an outgoing mailbox on the street side of the building for those who have outgoing mail; there is a second outgoing box at Member Service. Please let us know if you are interested in a mailbox.

Account Balances

All Members, especially those who utilized the payment plan, must have their account balances to zero by March 25, 2021. Renewal billing items, along with quarterly electric and quarterly unit tax will make up your April statements, which are due in full by April 25, 2021. (There is no payment plan for renewal fees.) Subsequent bills for the season are due in full by the 25th of each month. Here is the link to the payment plan information: <https://sandypines.com/annualdues/>

Renewals & Stickers

Changes to renewal billing items are due by March 15, 2021. Items billed to your account include pump out plans, card renewals, golf cart stickers, moped stickers, watercraft stickers, boat services, annual bullpens, internet, and mailboxes. Internet modems are on a 2020-2021

contract and cannot be surrendered for credit. Stickers are mailed with your April statements and once mailed, become the responsibility of the Member. If stickers are lost in the mail or lost in forwarding, you will have to pay full price for their replacement. If lost stickers are found and returned by July 1, 2021, credit can be issued for the duplicate purchase. Stickers cannot be returned for credit after July 1, 2021. You can choose to have your stickers held at Sandy Pines, but you must notify us to do so by March 31, 2021. For more information, view <https://sandypines.com/?s=renewal>.

2021 was the last year for sending out Renewal Summaries and using a Renewal Survey. Going forward, we will send out Rave alerts to remind Members it is time to log in, review and update their information. Members can simply call or email Member Service with their changes.

Boat Registrations

If you wish to have your watercraft stickers mailed with your April statements, or placed on hold with your other stickers, we must have your updated registration at Member Service by March 15, 2021. Otherwise, you will be able to bring your registration to Member Service and obtain your watercraft sticker. Any boat registrations not updated by June 1, 2021, will be deleted from the Member Account, including the boat stake and/or dock. Members can only keep boat stakes and docks by providing a current State issued

watercraft registration for a boat that fits within the parameters as outlined in the Sandy Pines Handbook. If you have a smart phone, you can take a picture of your updated boat registration and email it to memberservice@sandypines.com.

Flea Markets

Here is the link for the Flea Market Schedule for 2020: <https://sandypines.com/events/event/fleamarket/> We are at the mercy of the Michigan Department of Health and Human Services and the Governor of the State who may issue or alter the guidelines for public gatherings, depending on fluctuations in the rise of COVID pandemic statistics. If scheduled Flea Markets must be cancelled due to COVID restrictions, refunds will be issued to the Members who booked spaces.

Flea Markets must be reserved by Members, as Members assume responsibility for all participating market vendors. If vendors are guests, they must be signed in and have a guest pass at the regular cost of \$5.00 per day (\$7.00 Public Safety Assisted). Members should book Flea Market spaces via Member Web Access or by calling Member Service. Each 10 x 20 space is \$35.00 and must be booked in advance of the market day. As soon as you book a Flea Market, it is billed to your account and is non-refundable. Markets are typically held rain or shine, except in the case of a thunderstorm, at which time a Rave alert will be sent to all Members letting them know the market is postponed or cancelled due to inclement weather. Vendors may bring tents or canopies if they fit within the parameters of their assigned space(s).

Bullpen Spots

The Sandy Pines Bullpen can be used for the storage of anything on wheels that doesn't safely fit on your Site. Boat trailers/boats, campers, storage trailers, extra vehicles – anything on wheels that can be easily moved can be easily

stored in the Bullpen. Spaces book quickly once we are in season, so if you know you want a space, please see Member Service to complete your reservation form. For details on spaces and pricing, call Member Service or visit <https://sandypines.com/bullpenstorage/>. Unless you book an Annual space, we do not hold spaces from year to year. Your reservation/payment begins at booking.

PARK & GARDEN NEWS

BY JACK SCHMIDT jack@parkgarden.com

Park & Garden Store

Phone: 616.896.9334

Email: parkgarden@sandypines.com

Online: sandypines.com/ParkGarden

As I am writing this article it is snowing outside with a -4 degrees wind chill. I can look forward to about 2 months from now when we begin to open the store.

During April and May the store is not open for retail customers (in store) but we are available to make deliveries of stone, mulch, sand or landscaping supplies. If you need something from the store (rv supplies, etc.) we are usually around during the day and will try and accommodate you when we are there.

The store will be open regular hours starting on May 22. We will begin our Sunday hours in June. Regular hours are Monday through Saturday 9:30 to 4.

We are looking forward to another great summer.

Water Softeners

Hard water problem? Rust stains in the sink? We have an answer for you again this year.

If you ordered a softener before you left the park last year or had been a softener customer in the past year, you will be receiving an email from the Park and Garden Store for you to reconfirm the order of the softener and the date you would be looking for the install. Please be as accurate as possible with the date for install and make sure your site is ready for the installation. We need your hoses available and your hook up at the riser well marked. Installation usually takes place within 3 days of your request.

If we get to your site to hook up the softener and the hoses are not available or the riser is not marked; we will leave the softener with a note to call the store. If you get there before we have hooked up the tank please call the store (616-896-9334) and leave a voicemail and we will come out and hook the tank up.

For those who want to self-install we will be at the store from noon to 1 on Friday and 4 to 6 for

pick up. Hours for Saturday and Sunday will be by appointment.

If you do not get the email and you still want a softener, please send an email to parkgarden@sandypines.com with your name, site, and the date you would like the softener either installed or your date of pickup. If you have not had a softener in the past but would like to order one, you can order by email or go to the Sandy Pines Member site, <https://sandypines.com/watersofteners/> for the 2021 order form.

Golf Cart Rentals

Again this year there will be a Park and Garden rental office located in the retail center. We have leased carts to bring our fleet up to 70 – 4 passenger carts and 25 – 6 passenger carts. There are 2 ways you can order a cart rental at this time until the store is open. You can access our online reservation system by going to <https://sandypines.com/parkgardenrentaloffice/> and clicking on the ONLINE RENTAL SYSTEM button, or you can email parkgarden@sandypines.com. Once the store is open you will also be able to stop by and make your reservation or call the office phone – 616-896-9888.

REMEMBER carts are rented out quickly on the holiday weekends and Christmas in August so now is the time to begin making your plans for the golf cart rental. The price on the 4 passenger

carts this year \$50 per day. The 6 passenger carts will rent for \$70 per day. All carts will be returned each day by 10 am. Example - rent Saturday at 9 am - return on Sunday at 10 am = 1 day or return on Monday at 10 am = 2 days.

For those members who would like to pick the cart up on Friday after 4 pm we have a special for you. Friday will not be considered a full day rate. The rate for Friday with pickup after 4 will be \$35 for the 4 passenger and \$45 for the 6 passenger.

The Park and Garden rental office will also take care of the bike, paddleboard, kayak, and rowboat rentals. The Rental office house will be 9:30 to 4 Monday - Thursday and Saturday. Friday hours will be 9:30 am to 7 pm and Sunday 10 am to 4 pm. We will also have small tools, power washer,

wheel barrows, ladders and other items for rent this year.

The Marina will open Memorial Day weekend for boat fuel and watercraft rental at the Marina site. Marina hours are Noon to 5 on Saturday and Sunday and 5 pm to 8 pm on Wednesday and Saturday.

The Park and Garden Staff will be providing boat service for putting your boat in the lake. We can handle regular pontoons. If you have a boat on a trailer we can provide the vehicle to take it to the boat launch. Please call the store to schedule the time to put your pontoon into the lake.

Again we will be installing Softeners Monday thru Saturday and will be available for preordered

landscaping supplies (mulch, stone, blocks) on Thursday, Friday and Saturday during April and May. You will need to call the Park and Garden (616-896-9334) and leave a voice mail and we will call you back to make arrangements.

As in the past the Park and Garden Store will be open 9:30 am to 4:00 pm Monday Through Saturday and noon to 4 pm on Sunday. There are no deliveries or Propane filling on Sunday. We are also looking for additional staff for both the Park and Garden Store and Rental office this summer. You can find more information on the Sandy Pines Web Site.

Hopefully the worst of winter is behind us now, and this finds all of you safe and healthy. With the amounts of snow we have received in such a short period of time it is a good idea to check your roofs and porches and hopefully remove the snow before and damage occurs.

We are still working on trimming trees over the roads and hanging over our park's structures. I will also be starting back on the removal of trees

in the green space areas. Thanks for being patient on trees that you have talked to me about I assure you they will be taken care of. I will also have the 2021 contractor list posted by the first week of April which will have some new contractors on it. I hope to see you all soon and together we can have a GREAT 2021 season we ALL deserve it! God bless.

Think Green

March makes me think of green. Green is the color of life. It is when I want to see green grass instead of white snow. I hope that a green four-leaf clover, if found, will bring good luck to us all in 2021. Green also is associated with growth and harmony. I hope that we can all grow from this past year and have a wonderful place of harmony at Sandy Pines this year.

As I continue to plan for fun things this season at Sandy Pines I appreciate being a part of the 50th volunteer committee. This group has dedicated themselves to monthly meetings and work behind the scenes to assist with making this season great! We also appreciate those who have donated to sponsoring this years events to celebrate 50 years!

Summer Interviews

Next month will be the time for interviews and hiring for the Rec Department. If you are

interested in employment for 2021 please email nikki@sandypines.com today. I will be able to answer questions in regards to specific openings and also set up your interview time.

Happy March! We will be having a virtual open house of the sales office this month to show some of the changes that were made. One of the new things is to feature an available site of the month. This month we have N381, a beautiful, shaded site with a fire pit and golf cart included. Please reach out to the sales department if you are interested. We are working on a new member orientation. Sandy Pines wants to provide all the necessary information that has been missing when new members enter the park. There will be an emphasis on public safety, member service, and the open/close of the site for the season.

Have a great March!

SANDYPINES
 READY, SET, CELEBRATE!
 1971-2021

Site #N381

This site features a nice big lot with a 1988 Oakland Park trailer, an enclosed porch, and a nice deck. This trailer has 1 bedroom and has a big open kitchen in the front. There is also a fire pit area and a nice garage with an electric golf cart.

- Phase: Phase 4
- Site Number: N381
- Price: \$60,000
- Year: 1988
- Make: Oakland Park
- Phone Number: 616-896-8315 ext. 113

 READY, SET, CELEBRATE!
 1971-2021

YOUR DONATIONS WILL
 HELP WITH THE 50TH ANNIVERSARY
 FUNDRAISING EFFORTS!

- Must be operated on Park roads, designated snowmobile trails and Park designated areas.
- Must be driven in a safe manner and comply with Park speed of 10 mph.
- May not emit excessive sound or create a nuisance.
- May not be driven across sites, on recreational facilities, or in green areas.
- Operators must have a State Operator's License or State issued snowmobile safety certificate.
- Snowmobiles may be confiscated for violations of Park rules. Snowmobile will be released to the member after a meeting with the Park President.

You can find more information, along with trail maps at SandyPines.com/SnowmobileRules/

The following are applicable sections of the Sandy Pines Handbook regarding the operation of snowmobiles in the Park.

XII. VEHICLE AND TRAFFIC REGULATIONS

(Amended 10/4/2013) A. General rules for Autos, Golf carts, Mopeds, Motorcycles, Watercraft, Snowmobiles and Scooters

1. All motorized vehicles operated or stored in the Park shall comply with Sandy Pines rules and regulations and State laws and regulations. Have insurance required by Sandy Pines and in accordance with the State.
2. Be driven in a safe manner. Modes of transportation may not be driven in a careless or reckless manner.
3. Display a current Sandy Pines Registration sticker/pass, be operable and be in good condition.
4. Be driven by a person with a valid State operators permit or Park certification.
5. Not be driven in excess of 10 mph
6. Not be operated in areas not designated as roadway or parking.
7. Have detachable mirrors removed.
8. Have all passengers safely seated.
9. Have headlights and taillights, if driven from dusk to dawn. Flashlights are not a substitute.
10. Be parked or stored properly or may be removed at the owners expense.
11. Not emit excessive sound or create a nuisance.
12. Not block exits, drives, parked on the sites of others or on sites for sale, near fire hydrants, be parked on roadways, block trash receptacles, restrict traffic flow, be parked or driven on beaches or green areas.
13. Report all accidents to the Public Safety Office and/or local law enforcement.
14. Yield to pedestrians. Pedestrians have the right of way.
15. Persons operating a motorized vehicle within

the Park are subject to submitting to a portable Breathalyzer test upon the request of a Public Safety Officer or local law enforcement.

16. All-Terrain Vehicle (ATV's), Utility Vehicles (UTV's) and Side-by-Side Vehicle use is prohibited in the Park, except for work being performed by the Park or Contractors.
17. Dune Buggies are not allowed in the Park unless they are licensed and insured for use on Michigan roads/highways. Dune buggies must be driven on roads only in Sandy Pines.
18. Autos, trucks, motor homes, motorcycles must have been registered in the last six months with the State and display license plate.
19. Obey all traffic control signs.
20. Sandy Pines reserves the right to approve or prohibit

With Sincere Sympathy

Sympathy is extended to:

Kelly & Doug Nyhuis, Site 5034, on the unexpected passing of her father, **Gene Van Koevering**, on February 17th. Sympathy is also extended to his wife, **Joyce Van Koevering**, and his children **Greg and Lori Van Koevering**, and **Nick and Jackie Van Koevering**.

Sheryl Eytcheson, Site D19, on the unexpected passing of her father, **Morrie Gabrielse**, Site D18, on December 18th. Sympathy is also extended to his wife, **Marilyn Gabrielse**, and his two sons.

Shirley VerHoeven, Site 0426, on the unexpected passing of her husband, **Ed VerHoeven**. Ed was one of our Charter Members who has been here since the park opened.

Cheryl Conn, Site K 313, on the unexpected passing of her husband, **Wayne Conn**, on January 19th. Sympathy is also extended to his children, **Larry & Waynette Howery**, **Cindy & Ed Murray** and **Steve & Vanetta Conn**.

Susan Lambricht, Site 422, on the unexpected passing of her husband, **Mark Lambricht**, on January 22nd. Sympathy is also extended to his brother and sister in law, **Rod & Kris Pollaski**, site 584.

Alberta Agema, Site 117, on the unexpected passing of her husband, **Kenneth Agema**, on February 11th. Sympathy is also extended to his daughter, **Linda Cramer**.

Marie Baxter, Site 4216, on the unexpected passing of her husband, **Kenneth I. Baxter**, on February 17th. Sympathy is also extended to his children.

the use or suspend any member's, associate member's, grandchild's, or guest's use or form of transportation or watercraft, operated within the Park or on Lake Monterey.

E. Snowmobiles

1. Must be operated on Park roads, designated snowmobile trails and Park designated areas.
2. Must be driven in a safe manner and comply with Park speed of 10 mph.
3. May not emit excessive sound or create a nuisance.
4. May not be driven across sites, on recreational facilities or in green areas.
5. Operators must have a State operator's license or State issued snowmobile safety certificate.
6. Snowmobiles may be confiscated for violations of Park rules. Snowmobile will be released to the member after a meeting with the Park President. Any persons choosing to operate snowmobiles outside of these rules assumes all responsibility for their actions and may face penalties.
